A guide to your new, easier-to-read statement

A more familiar statement experience

Starting in 2020, your SEI custody statement will look and feel more like **AccessMyPortfolio.com**. You'll recognize the same colors, icons, labels, and charts for a seamless experience.

Your feedback helped us simplify the content so statements are easier to understand. The new portrait layout is designed to bring more information to each page and use less paper.

The statement you receive, either electronically or in the mail, is tailored to you and the SEI solutions in which you are invested. As a result, you may not receive all of the possible sections detailed in this guide.

Other ways to access your account information

You don't have to rely on your newly enhanced statement alone:

- › **AccessMyPortfolio.com**—In just a few clicks, you can access investments, investment allocations, transactions, tax forms, statements and more—anytime.
- › **Mobile app**—Access your accounts on the go. Download our mobile app from the Apple App Store and Google Play.
- › **Electronic delivery**—Wish your statement arrived faster? Sign up for electronic delivery of your statements and more at **AccessMyPortfolio.com**.

The Income Summary displays your income earned for the reporting period and your year-to-date realized gain or loss.

This section is for reference only and should not be used for tax-reporting purposes.

This summary is for your reference. It is not intended for tax-reporting purposes. Taxable income is taxable at the federal level and may be taxable at the state level. Gains may or may not be taxable based on the account type. Please tell your Financial Professional right away if your financial situation or investment objectives change.

1 Income is grouped into **taxable**, **tax-exempt** and **tax-deferred** categories determined by account type, taxability of the account and taxability of each asset held.

2 A **total** is displayed when your statement includes more than one account.

This section displays all of your investments held at the end of the reporting period, sorted alphabetically so it is easier to read.
